Support for travel costs support - Project 2025

Participants receive a one-time **travel allowance**. It is based on the travel distance according to the [Erasmus+ Distance Calculator](#) from the study location of the home university (Freiburg) to the study location of the host university. In addition, depending on the means of transport chosen, the lump sum is calculated for standard travel or, in the case of environmentally friendly means of transport, for green travel.

| Travel distance | Standard travel | Green travel |
|------------------|-----------------|--------------|
| 10 und 99 KM | 28 EUR | 56 EUR |

| 2000 und 2999 KM | 395 EUR | 535 EUR |
| 3000 und 3999 KM | 580 EUR | 785 EUR |
| 4000 und 7999 KM | 1.188 EUR | 1.188 EUR |
| 8000 KM or more | 1.735 EUR | 1.735 EUR |

In addition, participants can apply for **travel days** for the outward and return journey to the host university as required and necessary. In the case of standard travel, up to two travel days (0-2) can be requested; in the case of green travel using environmentally friendly means of transportation, up to six travel days (0-6) can be requested. A declaration of honor must be submitted with the application.
