

# Advanced Studies Going Global

Albert-Ludwigs-Universität Freiburg

UNI  
FREIBURG

## Internationally oriented Continuing Education in Online-, Blended Learning and Fulltime-Mode

Freiburg Academy (FRAUW) is a transfer-oriented Center of Competence fostering Training and Continuing Education for students and internal staff as well as for external professionals.

Together with Service Center E-Learning (SEL) and faculty the department of Continuing Education (WissWB) creates and promotes innovative Continuing Studies for professionals.

Intercultural and internationally oriented programmes are an important and increasing part of our department's work. Looking at and catering to the international higher education marketplace is vital for our strategic success.

### SOLAR ENERGY ENGINEERING

MSc and modules, online education in cooperation with Fraunhofer ISE and Penn State University. Bring students deeper into the solar community  
→ Lessons learnt: **"Focus on a global audience rather than on a national audience"**
