

1) Digitalization as a facilitator for change in higher education

MAIN BENEFITS

intensive
motivating
demanding
learning & teaching experience

PERSONALIZATION
INTERNATIONALIZATION
DIGITALIZATION

enrichment
through different
perspectives

share information

The more 'open' it
gets, the more
individual it becomes

preparation for a
digital world
environment

internationalization

address new skill
sets (i.e. for life-
long-learning, inform. tech.)

CHALLENGES

lack of
funding

change the (internal)
culture

coherence of
infrastructure - didactics
culture/environment

Lack of resources

• english content } \$
• digital content }
• ♀♀♀

INDIVIDUAL

OVERWHELMING
(pressure on - students
- faculty
- administration)

internationalization
without
mental colonisation!

NEXT STEPS

innovation task force
all levels / ^{throughout} university

raise
funding and
support in an
(international frame)

Searching for
international partners
proactively

communities of
practice
(global and local)

problem based
learning projects

take personal responsi-
bilities and
stay in touch
